- **to about 50% in March, 2019**

(CDF II and Annual Sector Performance Evaluation report).

**Increased volume of water production**

- **2015**: 144.01 Million Liters Per Day
- **March, 2019**: 245.2 Million Liters Per Day

Water Coverage in the State presently is over 80% one of the highest in the Country

Increased access to potable water supply in Jigawa State to 80% in 2018. This made the State first in Northern Nigeria and fourth in the country. (Source: National Outcome Routing Mapping of Water, Sanitation and Hygiene service level in Nigeria (NORM) September, 2018 Report)

Attainment of LGA wide Open Defecation Free (ODF) status by Bkudu and Buij LGAs as validated by the National Task Group on Sanitation (NTGS). Similarly Gwirwa and Roni LGAs have attained the LGA wide ODF as announced today, Friday 24th May 2019 by the NTGS team during debriefing meeting held at RUWASA headquarters in Shiwarin Dute. This achievement made the State the first in the country.
